

# **The ten Commandments of Project- Management**

*Ralf C. Adam  
TIGER TEAM PRODUCTIONS*

## DISCLAIMER

*This lecture was first held 2006 at the IGDA Chapter Meeting in Frankfurt/GERMANY. The presentation may not include all original materials shown during this speech (pictures, videos etc.) and is solely meant as a summary and handout. All copyrights of presented materials belong to their respective owners.*

## 1. COMMANDMENT

**»Thou shalt build a good team  
with clear ownership«**

## 2. COMMANDMENT

**»Thou shalt prepare a reasonable plan«**

## 3. COMMANDMENT

**»Thou shalt be  
relentlessly pro-active«**

## 4. COMMANDMENT

**»Thou shalt remember  
thy checkpoints«**

## 5. COMMANDMENT

**»Thou shalt track  
project status and give  
it wide visibility«**

## 6. COMMANDMENT

**»Thou shalt write  
important stuff down«**

## 7. COMMANDMENT

**»Thou shalt share your  
knowledge and thou  
shalt save it«**

## 8. COMMANDMENT

**»Thou shalt understand the  
customer's requirements«**

## 9. COMMANDMENT

**»Thou shalt put the project  
under version control«**

## 10. COMMANDMENT

**»If it hasn't been tested,  
it doesn't work«**
